Dear Sir

DOG CONTROL ORDER – DOGS ON LEADS

The Council is considering making a district wide Dog Control Order requiring dogs to be on leads in certain areas.

The effect of the Order would be to repeal all existing byelaws requiring dogs to be on leads. Outside Bexhill it is proposed that dogs should be on leads on the footpath through Rye Cemetery.

I would be grateful if you could write to me within the next 12 weeks advising me whether you want any areas of land in your parish, for example a sports field or road, included in the Order and the reason this area of land should be included.

Yours faithfully

MR R PARKER-HARDING
Head of Environmental Health
