Youth Strategy Consultation

Rother District Council would like to hear your views on our proposed Youth Strategy, a summary of which is enclosed. You can find more information on our website at www.rother.gov.uk/youthstrategy

Your views and ideas will help the Council determine the best course of action in supporting young people in the District.

Over the course of 2009/10 we have been hearing a lot of evidence about life for young people in Rother. We have heard about a growing range of social and leisure activities available and about the substantial achievements of young people. However, we have also heard how difficult it can be to secure a job with good prospects, how housing is hard to afford and how getting around by public transport, particularly in the rural areas, can be a challenge.

Our aim is to work with others to address these issues. In this way we hope to ensure we will have a population well balanced across generations.

All information you send will be treated in confidence and will be used to inform the Action Plan we will draw up to make sure improvements happen.

Please send your comments, ideas, opinions and views to my staff using the contact information above. I would be grateful if you could give us your feedback by **Friday, 30th July 2010**, in order to meet our Committee deadline.

I very much hope that you will get in touch and thank you for your help.

Yours sincerely,

Councillor Brian Kentfield
